5 Bedrooms | 3 Bathrooms | 4,800 Sqft

Big home. Big acreage. Big value in Western Colorado! This 4,800 sq ft, 5-bedroom, 3-bath home sits on 39.89 acres and offers exceptional space, versatility, and value. Major upgrades have been completed, adding to the appeal of this spacious property. The split floorplan provides privacy, while the massive kitchen features a full-size refrigerator, full-size freezer, and large walk-in pantry, with tons of storage throughout. Enjoy a walkout basement with an amazing outdoor kitchen, west-facing Trex deck to view Western Colorado sunsets, and epic views from the primary suite. One main-level bedroom could easily be converted to a flex space or secondary living area. Solar will be paid off at closing. If you're looking for a large home with acreage, upgrades, storage, views, and an attractive price per square foot, this one deserves a look!
